Justification: The attendant building at the Briceville convenience center is deteriorating and in need of replacement for both the personnel and beautification of the community. Costs have escalated on prefabricated buildings, so we propose to build for cost savings. This amendment covers cost of materials.

Motion by Commissioner Catherine Denenberg, seconded by Commissioner Robert Jameson, and passed to refer to the Anderson County Board of County Commissioners with a recommendation for approval.

THE 26th ITEM, to be presented to the Anderson County Budget Committee, was a written request from Terry Frank, Mayor, that the following **TRANSFER** in American Rescue Plan Act Fund 121 be approved.

Increase Expenditure Code:

121-91401-399-GA001	American Rescue Plan Act Grant #1	\$92,000.00
---------------------	-----------------------------------	-------------

Decrease Expenditure Code:

121-91401-799-GA001	American Rescue Plan Act Grant #1	\$92,000.00
	Other Capital Outlay	

Justification: Requesting funding for professional engineering services for performance of a Comprehensive Water Sewer Utility Master Plan, in order to 1.) Prioritize expenditures for water and sewer with current county ARPA funding. 2.) Capitalize on additional funding that will become available through TDEC for collaborative local planning and implementation. Initial phase goals: to identify list of water and sewer projects by data collection and evaluation; reviewing existing wastewater systems files and data; performing initial investigation of the existing water infrastructure; reviewing water system and files; creating a combined system map of Anderson County. This project would better position Anderson County for capturing additional funding from TDEC.

Motion by Commissioner Catherine Denenberg, seconded by Commissioner Bob Smallridge, and passed to refer to the Anderson County Board of County Commissioners with a recommendation for approval.

THE 27th ITEM, to be presented to the Anderson County Budget Committee, was a written request from Geoff Trabalka, Solid Waste, that the following **APPROPRIATION** in Solid Waste Fund 116 be approved.

		\$33,000.00

Justification:

116-55732-409- Appropriation is for gravel at Blockhouse Valley Center, Brown Flats, and Cagis Creek. This code began the FY at \$1500.00 and was all but depleted after one load of gravel was delivered to the Blockhouse Valley Center (1 load- 21 tons @ \$65/ton=\$1365) 5 more loads are needed to maintain the yard due to wash out from excessive rains- approx. \$6825, 1 load at Brown Flats- approx.. \$1365, and 1 load at Cagis Creek-approx. \$1365. Total Approx. \$9,555.

116-55732-467- Appropriation is for Fencing work Glen Alpine to replace one section of gate and attach wheel to prevent dragging and constant wind damage- \$1000, and to add a higher “back-stop” at the rear of the facility (upon approval from Norris Beautification Committee/Commissioners Waddell and Anderson) to prevent high winds from carrying items outside the perimeter of existing fence- \$2500. Both centers breaker issues happened within days of each other (identical issues due to wiring and breaker age), and other centers may begin to see similar issues as age of wiring and breakers is similar.

116-55751-312- Appropriation is for additional funds to get through the end of FY 2022/2023 for Recycling processing- \$4000 (WestRock) due to increased recycling post COVID. E-Waste Disposal- \$5000 (E-Cyclers/Scott Recycling) due to increased recycling post COVID, avg. 2 small loads per year, but have already sent out a tractor trailer load this year and nearly have another

load ready to ship. Used oil disposal at Convenience Centers- \$1500 (Universal Environmental Services) due to increased disposal.

116-55732-499- Appropriation is to add funds for additional tools and supplies (garbage bags- \$300, shrink wrap- \$400, baling wire- \$300) due to additional garbage pickup, E-waste disposal, and paper and cardboard baling for recycle. Additional funds for materials for Attendant Building at Briceville Convenience Center- \$2000 (paint, drywall, lights, and fixtures).

Raised wages to retain and also hire new employees in the current escalating wage labor market to meet the obligations for the AC Waste Hauling & Conv. Ctr. Contract. Additionally, due to federal regulations requiring insurance, centers will reduce operating hours from 11 hrs. /day to 10 hrs. /day or cost of health insurance will be passed onto AC as an increased Operational Cost for Conv. Ctrs. The Solid Waste Board will meet to discuss potential long term changes; either funding increases permanently, or further adjusting operations of convenience centers to reduce contract payments.

Approximately one Saturday each month, Anderson County High School hosts a full-length practice ACT in the ACHS Media Center. Students register voluntarily and attend from 8 am to 12. Upon completion each student receives a detailed test score that includes a list of each of the questions that they missed and teachers on campus that can help improve certain sub scores. Saturday, February 5th we had 28 students devoting their free-time and energy to brightening their future by improving their ACT score. Participants ranged from freshmen to seniors, and the average composite score was a 20 - with scores reaching as high as a 33!

MIDDLE SCHOOLS

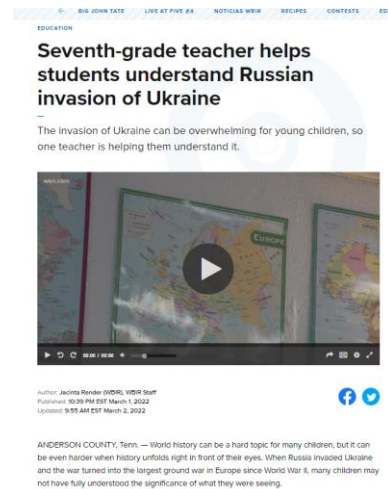

Clinton

Teachers and students alike carved out a few minutes on March 22 to *celebrate Read Across America Day*, otherwise known as Dr. Seuss's Birthday. Reading is foundational to the success of all students, and we were happy to make time each day just to focus on that single, fundamental, skill. Kids curled up in their classrooms with a good book, and teachers spent their time in the lobby reading their own books. A few great students got in a few extra minutes with their favorite teacher as well.

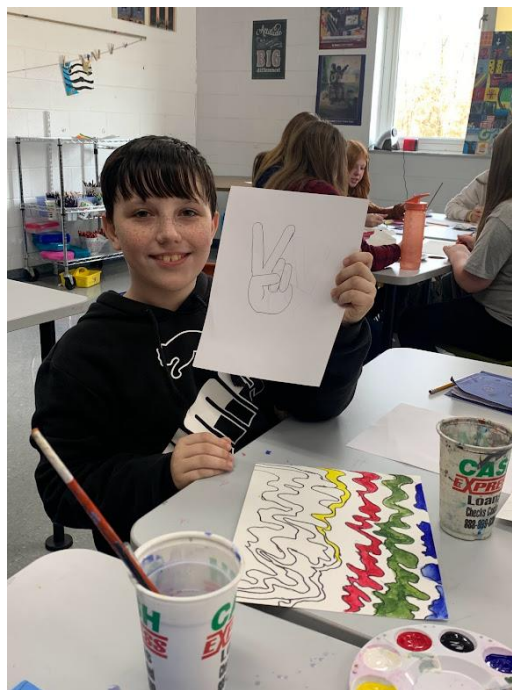

Lake City

WBIR Channel 10 News came to Lake City Middle School to interview Mr. Hopper, 7th Social Studies, and a couple of his students. He has been having class discussions and teaching students about the crisis in Ukraine and the impact it can have, and is having, on the world. Building background knowledge, teaching geography, and researching the relationships between Russia and Ukraine are strategies Mr. Hopper has been using to help his students understand the potential major influences that the conflict is getting ready to spark. One of his students has

personal connections to Ukraine, and has family there, which she shared on air. What a neat experience- sharing thoughts and concerns on the news! Link: [News Interview](#)

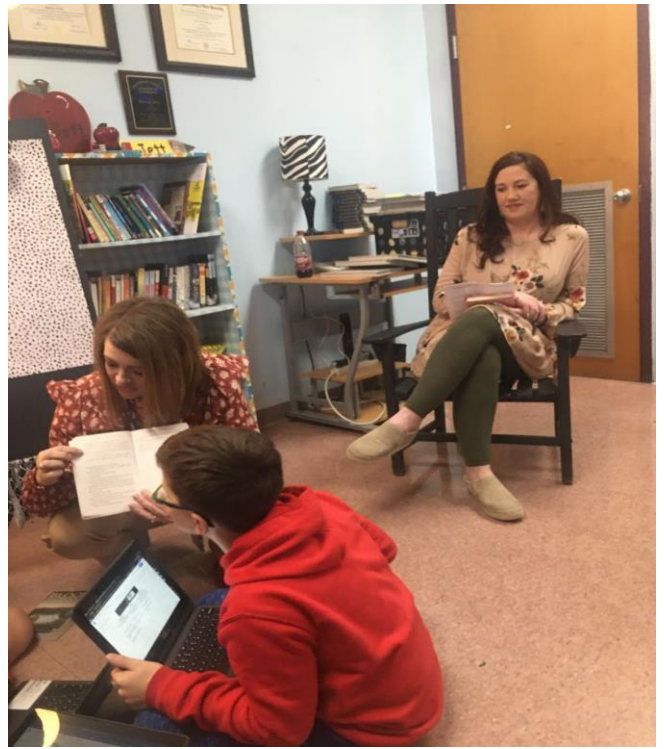

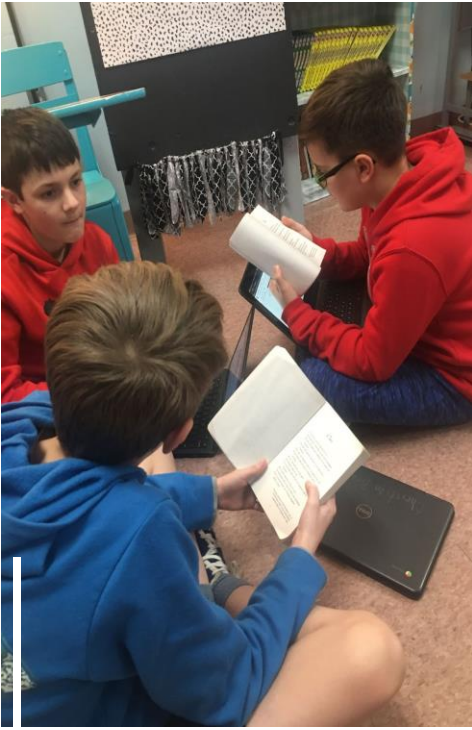

Tuesday, February 22, 2022 (2-22-22), was celebrated in numerous ways at Lake City Middle School. We took full advantage of this “unprecedented milestone” opportunity to incorporate fun activities throughout the day. These activities included Trivia and Math challenges, students and staff twinning, writing “What do you want to do when you’re 22,” drawing peace signs in Art class, learning about the science of twins, facts about the 22nd President and 22nd Amendment, and treating students to double stuffed Oreos... to name a few! It was a fun way to recognize the uniqueness of the day!

Norris

Anderson County Middle Schools were honored to host Grainger County teachers and instructional coaches two weeks ago. Grainger County Schools recently adopted *Wit and Wisdom*, and they were referred to our middle schools for an implementation model. The

educators expressed admiration for not only students' engagement but also our teachers' instructional prowess. They were gracious, complimentary, and excited to bring back new ideas. Norris Middle was proud to be part of the team that welcomed them in!

Norwood

Norwood Middle students and staff had a fun time celebrating a date you only see once in a lifetime - 2/22/2022! Students and teachers dressed up as twins, wore tutus, solved riddles at the :22 minute mark of every hour, and solved math problems involving the number 2.

6th and 7th grade students had the opportunity to visit JA Biz Town and participate in the business simulations. Students were required

to complete checkbook transactions, work at a place of business, apply for a business loan, and decide how to deviate their income. We appreciate the Clinton High School students for volunteering their time to help make this trip very successful!

8th grade students also visited JA Biz Town and participated in the *Get Hired* event. Students learned skills such as resume writing, how to give a proper handshake, interview skills, and how to fill out a job application. At the completion of the event, they learned whether or not they were hired and what skills they needed to improve on.

ELEMENTARY SCHOOLS

Andersonville

Let the games begin! Mrs. Jordan's PE classes played in the Olympics. They competed in hockey, skeleton, biathlon, and more.

AES congratulated Melissa Matchette for receiving the Above and Beyond recognition for the month of February.

Kindergarten students came to school older and wiser this month. After 100 days we are ready for anything!

AES is thankful to have our SRO. NASRO (National Association of School Resource Officers) announced that February 15 is School Resource Officer Appreciation Day. Thank you officer David!

Briceville

Congratulations to these two 4th grade students who were chosen to represent BES at the county 4-H public speaking contest. We are very proud of you and all your hard work!

February 18th was a Stone Soup kind of day in Headstart! Not only did they get to enjoy a good book, but they got to make their very own soup and taste test it. Our littles are blessed with the wonderful Mrs. Jill and Mrs. Angel to give them so many fun opportunities to learn.

It was a terrific TWOS

day (2-22-22) at BES!

Correlating with the study of Simple Machines, Head start had a special visitor, Mr. Bobby, who showed the children how a dolly helps him to move heavy furniture and boxes.

Claxton

Claxton is off to an amazing start! In less than 24 hours, this community has contributed over \$4,420 toward books for the kiddos and supplies for the school through a program called "Book Blast."

Claxton celebrated Twosday. We had tutus, twins, tie-dye, and ties around our school today to celebrate 2-22-22.

Earlier this year Ms. Fields' 3rd grade class worked hard to enter the ORAU Extreme Classroom Makeover contest. The winner and runner-up will be announced soon. In the meantime, this 3rd class is needing help choosing the Viewers' Choice Award winner. The teacher whose video gets the most votes by midnight on Friday, March 11, will receive a check for \$2,500.

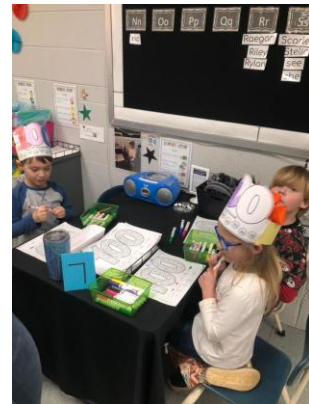

Mrs. Ashley's 4th grade class was so excited to get their birdhouses for their wetlands PBL. Our special guest speaker, Mr. Byrd, graciously put together 10 birdhouse kits for the students to finish in the upcoming weeks. They cannot wait to spend some time in the outdoor classroom building and hanging these in the wetlands. 🐾

For Valentine's Day, Claxton students got to participate in "A Book to Love." Thanks to generous donations from our community, our students were actually able to take home **THREE** books. Over 1,200 books are now in the hands of our students.

Kindergarten had their 100 day celebration on Friday, February 11th. They made necklaces and other crafts with 100 pieces, walked and counted 100 steps, and ate a 100 foot sundae.

Mrs. Payne's 4th graders held a Town Hall meeting for the Boston Tea Party. Students had props from colonial times and "acted" as a patriot and voted for or against the Boston Tea Party. History comes alive!

Dutch Valley

We held our second *Parents Night Out* of the year this month. It was a successful night with fun for students and a night off for parents.

Our Students and Staff honored our Principal Mrs. Sherwood with a parade at the end of the school day. Students made banners and cards of appreciation to give her as they paraded on by.

Special Education Teacher Mrs. Seiber received a grant from the Clinton Civitan Club to purchase materials for her classroom.

Kindergarten celebrated 100s Day and 1st Grade celebrated the 101st Day of School.

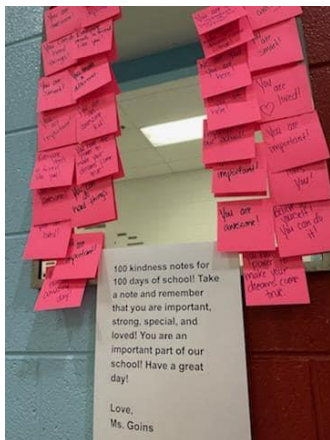

Fairview

We began celebrating Dr. Seuss Week (Read Across America) and have a theme for each day. Here are our first graders with mismatched (silly socks) day.

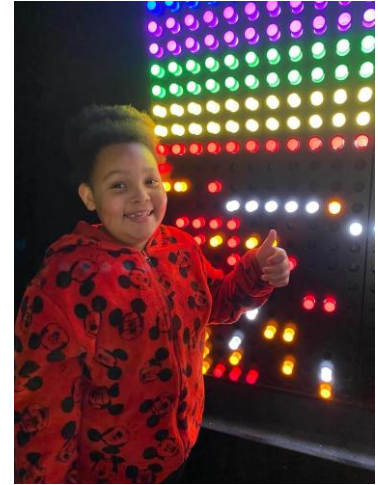

Our 100th day of school was celebrated in many ways. Our counselor put 100 positive notes all around the school for the students to read throughout the day promoting kindness and giving. The students and teachers also dressed up like 100 year olds. It was a fun day.

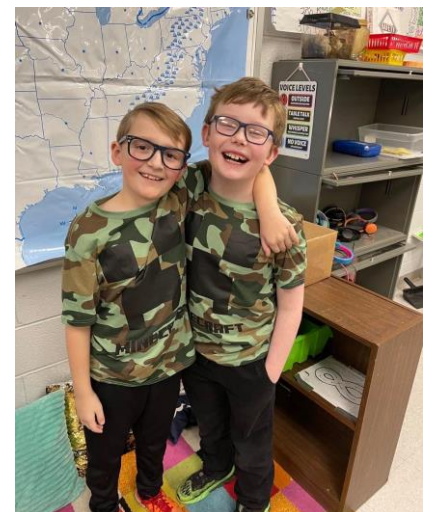

Grand Oaks

In second grade we have been having just as much fun INSIDE the classroom as OUTSIDE. Learning through engaging activities gets us excited and eager to show off our skills. We even visited 'The Muse' for an exciting field trip where exploration and discovery were key.

We had a great time celebrating "TWOs Day." It was a special day made even more special by the people we shared it with...our GOES family. We wore tutus, ties, tiaras, and tie dye. Some of us even found our long lost twins. We ended the day with a school-wide 2 minute and 22 second dance party at 2:22 to none other than "Too Legit to Quit!"

Grand Oaks Kindergarteners are 100 days smarter! We celebrated the 100th Day of School by completing a 100th day project, dressing like we were 100 years old, and eating a 100 foot long ice cream sundae!

It is with great pleasure and honor that we recognize Ms. Sheila Carney as the 2021-22 Grand Oaks Elementary School Classified Employee of the Year. Ms. C is the technology teacher at GOES, but her work goes far beyond her passion for teaching technology. Not only does she teach our students about technology, but she also helps plan and facilitate school events, she provides math remediation and intervention for many students, she is one of the school site coordinators for our *Explore to Soar* after school program, and she selflessly supports our classrooms, teachers, and students every day. Congratulations, Mrs. C! We are so proud to have you representing our school and are so blessed to have you on our team.

Lake City

Staff and students have been tapping into their artistic side lately, taking part in a long-standing LCES tradition. Under the guidance of Mrs. Regina McCone, our school family has been creating pinch pots, which will be auctioned off at the Empty Bowls/Stone Soup dinner in March. The money raised will be donated to Second Harvest Food Bank to help feed hungry families in our community.

Where were YOU on TWOsday, 2/22/22? Lake City Lakers recognized this special day by sporting their finest ties, tu-tu's, tiaras and tie-dyes, and our fantastic cafeteria team even served TACOS.

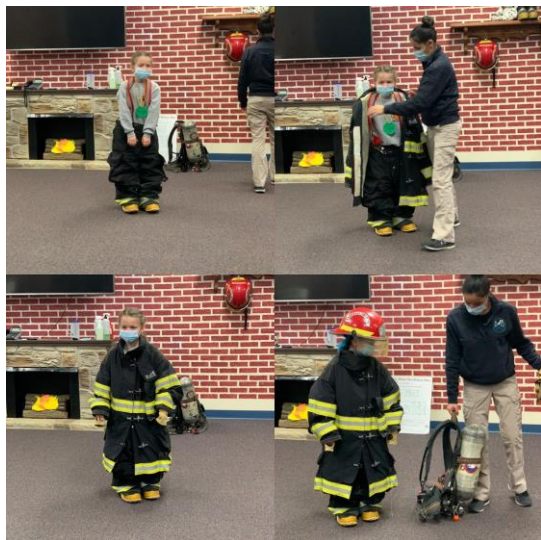

Norris

Fourth grade integrated science and art with topographical maps using clay.

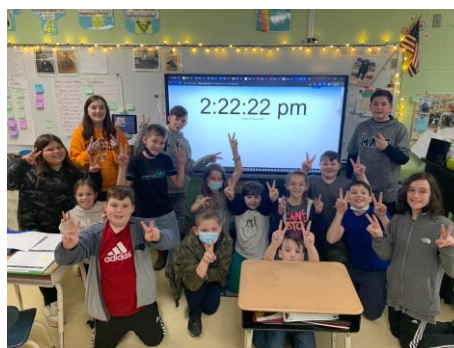

Second Graders traveled to Knoxville to visit Safety City. Students learn about fire and road safety as well as practice 911 calls and riding bikes.

All schools in the district will be showcasing artwork in the windows on Market Street in Downtown Clinton April 4 - 9. Fifth grade students created a 2'x2' artwork that will be on display. All artwork will be for sale.

IN THE CHANCERY COURT FOR ANDERSON COUNTY, TENNESSEE

CARL C. SMITH,

Plaintiff,

v.

**ANDERSON COUNTY SHERIFF PAUL WHITE,
and CIVIL SERVICE BOARD of the ANDERSON
COUNTY SHERIFF'S DEPARTMENT,**

Defendants.

MEMORANDUM OPINION AND ORDER ON
RESPONDENTS' RULE 60.02 MOTION

This case came before the Court for an in-person hearing on February 22, 2022 with the appearance of attorney Wigler for Petitioner, and attorney Taylor for Respondents'/Movants. Also attending the hearing were current Anderson County Sheriff Paul White and County Law Director Jay Yeager. The hearing was held on the Rule 60.02 Motion filed on behalf of the Respondents seeking relief from the entry date of this Court's final Order denying the Respondents Rule 59 Motion to Alter or Amend.

The facts are basically undisputed. The final Order was entered on May 28, 2021 and Respondents failed to file their Notice of Appeal prior to the expiration of the 30-day period provided in Rule 4, Tenn. R. App. Pro. The Respondents' Notice of Appeal was filed a day late. The 30-day time limit is mandatory and jurisdictional in civil cases and the appellate courts have no discretion to enlarge the 30-day period. *Jefferson v. Pneumo Services Corp.*, 699 S.W.2d 181, 184 (Tenn. App.), *perm app. denied* (1985).

Rule 60.02, however, provides trial courts with discretion, “in certain extraordinary circumstances,” to provide relief when a party fails to timely file their notice of appeal. *id.* Rule 60.02 allows a trial court to exercise this discretion in five situations, with the fifth being a catch-all provision that provides a trial court with authority to relieve a party from a final order for “any other reason justifying relief from the operation of the judgment.” *id.* Respondents in this case have asked the Court for relief under Rule 60.02(1) because of their “mistake, inadvertence, surprise, or excusable neglect.” Rule 60.02, Tenn. R. Civ. Pro.

Motions under Rule 60.02(1) are required to be made within a reasonable time and not more than a year after the judgment or order was entered. *id.* The motion in this case was filed almost immediately after the time to appeal the final Order expired and it certainly was filed within a reasonable time and in less than one year.

Issue Presented

The issue presented is whether the facts in this case support the exercise of discretion to provide relief from the missed deadline to appeal due to Respondents’ attorneys’ “mistake, inadvertence, surprise or excusable neglect” Respondents Rule 60.02 Motion for Relief, etc. filed June 30, 2021 at p. 6.

Standard for Consideration of Rule 60.02 Motion

“The burden is upon movant to set forth in a motion or petition, or in the affidavits in support thereof, facts explaining why movant was justified in failing to avoid mistake, inadvertence, surprise, or neglect.” *Hopkins v. Hopkins*, 572 S.W.2d 639, 640 (Tenn. 1978); *accord, Henry v. Goins*, 104 S.W.3d 475 (Tenn. 2003).

“A party seeking relief under Rule 60.02 must substantiate the request with clear and convincing evidence.” *Furlough v. Spherion Atlantic Workforce*, 397 S.W.3d 114, 128 (Tenn.

2013). “Clear and convincing evidence means evidence in which there is no serious or substantial doubt about the correctness of the conclusions drawn from the evidence.” *Hodges v. S.C. Toof & Co.*, 833 S.W.2d 896, 901 n.3 (Tenn. 1992).

Thus, the burden on movants for obtaining relief under Rule 60.02 “is set very high and the burden borne by the movant is heavy.” *Johnson v. Johnson*, 37 S.W.3d 892, 895 n.2 (Tenn. 2001). “Even if a party proves grounds for relief, the trial court may refuse in its discretion to set aside a final judgment.” *Carter v. Batts*, 373 S.W.3d 547, 551 (Tenn. App. 2011), *perm app. denied* (2012).

Findings of Fact and Conclusions of Law

The final Order from which Respondents’ seek relief to allow an appeal was Chancellor Cantrell’s Order denying Respondent’s Motion to Alter or Amend the Judgment. The Motion to Alter or Amend was filed December 22, 2020. The Order denying the motion was filed May 28, 2021. The Clerk’s Certificate of Service on the May 28 Order reads as follows:

“I hereby certify that a copy of this Order has been served on Arthur F. Knight III, Jonathan Swann Taylor, and Caitlin C. Burchette, Attorneys for Respondents, TAYLOR & KNIGHT, GP, 800 South Gay Street, Suite 600, Knoxville, Tennessee, 37929 and David Wigler, Attorney for Plaintiff, 400 Main Avenue., Suite 612, Knoxville, Tennessee 37902, by placing the same in the United States Mail; postage prepaid this the 28 day of May, 2021.”

1. Attorney Mistake or Inadvertence

It is well settled that “a lawyer’s busy schedule, and delays caused by mailing have been ruled insufficient for the purposes of granting Rule 60 relief.” (citations omitted). *Burke v. Huntsville NH Operations LLC*, 491 S.W.3d 683, 687 (Tenn. App. 2015), *perm app. denied* (2016). In the instant case Attorney Knight received this Order but did nothing. (See, Affidavit of Arthur F. Knight, III, Exhibit D to Respondents’ Rule 60.02 Motion filed June 30, 2021.) In

sum, the affidavits of attorney Knight, attorney Taylor and attorney Burchette state that during the 30-day period within which a notice of appeal could have been filed, they were all busy, in trial, or on vacation. This is not sufficient to support relief under Rule 60.02(1).

Knight apparently assumed Taylor and Burchette received the Order. Taylor and Burchette never received a copy of the May 28, 2021 Order. (*See*, Declaration of Jonathan Swann Taylor, Exhibit C to Movants Rule 60.02 Motion, Affidavit of Arthur F. Knight, III, Exhibit D and Affidavit of Caitlin C. Burchette, Exhibit E.)

Apparently, since Taylor and Burchette did not receive copies of the Order, whoever was responsible for distributing mail at Taylor and Knight thought the Order need only be given to the first name listed on the address. There is no indication in the affidavits submitted in this case that the law firm has a reliable system of processing mail to ensure everyone involved in a case receives notice of court orders delivered via U. S. Mail. *cf. Hartline v. Hartline*, 2014 WL 103801 (Tenn. App. 2014), slip op. at 7 (describing a “reliable system of opening, scanning, and sorting mail that included . . . cross-checking among staff members within the office, sending copies of orders to clients immediately”)

The service copy of the May 28, 2021 Order that was mailed to the three attorneys at Taylor and Knight was only provided to Mr. Knight. Mr. Knight alleges that he was no longer an active participant in the representation of Respondents at the time he received the Order. (Affidavit of Knight at para. 4.) Had he withdrawn as counsel of record in the case this would be an important fact. However, he had not. Mr. Knight was sole, primary, or lead counsel for Respondents from December 2, 2013 when he filed his Notice of Appearance, until at least

August of 2020.¹ He is the first attorney listed in the signature block on the Rule 59 motion, filed December 22, 2020, that was the subject of the May 28, 2021 Order. The Clerk and Master's certificate of service on the Order copies Mr. Knight's firm's signature block verbatim. He was the only attorney representing Respondents in the prior appeal of this case, and the Court of Appeals specifically noted that attorney Yeager "also represented Respondents' prior to Respondents' current counsel's filing a notice of appearance on December 2, 2013." *Smith v. White*, 538 S.W.3d 1, 3 (Tenn. App.), *perm. app. denied* (2017).

Whether he considered himself an active participant or not does not matter. Mr. Knight was still counsel of record for the Respondents. He never filed a motion to withdraw as an attorney from the case until July 6, 2021, after the attorneys at Taylor and Knight realized their time for the appeal had run. Because of his listing on the Rule 59 Motion signature block, and on all the other documents filed on behalf of Respondents after his Notice of Appearance in 2013, anyone reviewing the court's file would assume he remained lead counsel at the time the final Order was served.

A similar situation was curtly rejected as an excuse for missing a deadline by the Court of Appeals in *DeLong v. Vanderbilt University*, 186 S.W.3d 506 (Tenn. App.), *perm app. denied* (2005). In *DeLong*, there were three attorneys from the Wolff Ardis Law firm listed as attorneys of record on Ms. DeLong's complaint. The lawyers were Ardis, Evans and Hamer. Evans and Hamer subsequently left Wolff Ardis, but neither notified the court of a change of address and no one withdrew from representation of Ms. DeLong in that lawsuit. Evans

¹ Apparently billing records obtained from the County by Petitioner show that Mr. Knight continued to bill the County for work on this case until late October 2020. *See*, Exhibit 2 to Petitioner's Consolidated Memorandum of Law on all Pending Motions filed September 7, 2021. In his Affidavit Mr. Knight avers that he has not been an active participant in this case since approximately August 2020. Affidavit of Knight at para. 4

continued to represent Ms. DeLong. *id* at footnote 3. The case was ultimately dismissed by the trial court for failure to prosecute and the order of dismissal was only received by Mr. Ardis, because he alone remained at the Wolff Ardis firm. Like Mr. Knight, Mr. Ardis did nothing with the final Order. In fact, Mr. Ardis no longer represented Ms. DeLong but, like Mr. Knight in this case, he had not filed a motion to withdraw. Mr. Evans continued to represent Ms. DeLong but failed to notify the trial court that he was the only counsel of record, or that his address had changed, until two months after the Order of Dismissal was entered. *id* at footnote 4.

In *DeLong*, the finality of the Order of Dismissal was challenged under Rule 58 because the Clerk's Certificate consisted only of the notation, "cc" followed by the names and addresses of the attorneys and because only one of the attorneys actually received it. *DeLong* also sought relief under Rule 60.02(5). In *DeLong*, just like the present case, it was undisputed that an attorney of record received the Order of dismissal and the Court of Appeals observed that,

"Ms. DeLong makes some argument that Mr. Ardis was not her actual attorney at the time of the dismissal; however, the trial court was not notified of any changes in their attorney-client relationship. Therefore, because Mr. Ardis remained Ms. DeLong's attorney of record in the trial court, Ms. DeLong was charged with the knowledge that her attorney possessed. The May 21, 2002 order accomplished what Tenn. R. Civ. P. 58 is intended to accomplish because it caused one of Ms. DeLong's attorneys of record to receive timely notice that her complaint had been dismissed. Consequently, the May 21, 2002 order was final and appealable."

id at 510-511 (citation, quote, and footnotes omitted).

Similarly, in this case, the May 28, 2021 Order was final and appealable because it contained the judges' signature and the certificate of service listing the attorneys participating in the case, and was timely received by one of Respondents' attorneys of record. Tenn. R. Civ. P. 58(3). Respondents in this case therefore do not argue that the May 28, 2021 Order was not final

and appealable under Rule 58, but essentially argue that their mistake or inadvertence in not timely filing a notice of appeal should be excused because of the busyness of the Taylor & Knight lawyers, the mail handling snafu within their firm, AND because the Respondents had one additional attorney of record who did not receive notice of the final Order: Jay Yeager, the County Law Director.²

2. Impact of Failure to Serve Yeager

Mr. Yeager filed a notice of appearance at the beginning of this case on October 7, 2013. While it is true that Mr. Yeager never filed a motion to withdraw, attorney Knight filed a notice of appearance on behalf of the Respondents on December 2, 2013 for himself and his firm. Following Mr. Knight's notice of appearance, Mr. Yeager no longer actively participated in the litigation. He is not listed as an attorney on Respondents' court filings and is not listed on any of the Respondents' certificates of service, including the Rule 60.02 Motion. Only when Respondents' filed their Supplement to their Rule 60.02 Motion on July 6, 2021 did they begin to include Mr. Yeager on their certificate of service.

Although he was sporadically served with filings made by counsel for Petitioner, and the court, and had not formally withdrawn³ from the case, it is clear that he was not representing the Respondents' in these proceedings and the undersigned FINDS no fault in the Clerk and Master omitting him from the Certificate of Service on the final Order. As the Court of Appeals observed, Mr. Yeager represented Respondents "prior to Respondents' current counsel's filing a notice of appearance on December 2, 2013." (emphasis added), *Smith, supra* at 3.

² During arguments Mr. Taylor conceded that they likely could not carry their burden without the affidavit of attorney Yeager in addition to the other facts.

³ Declaration of N. Jay Yeager at Para's 7 and 8, Exhibit F to Supplement to Respondents' Rule 60.02 Motion for Relief from Judgment filed July 6, 2021.

Although Mr. Yeager never filed a motion to withdraw, he was not the attorney that was actively representing the respondents in this litigation and no one alleges that they were relying on him to ensure that a timely notice of appeal was filed. Mr. Knight, who received the Order, certainly harbored no illusion that Yeager would file a notice of appeal since Yeager was not listed in the certificate of service. Because of the strict nature of the time to appeal, almost like a statute of limitations, it is hard to conceive that any lawyer in a firm receiving a final order would not take any action to ensure that the client was being notified of the order and the deadline for filing a notice of appeal. Even if the Clerk mistakenly sent a final order to the wrong attorney in a firm representing one of the parties surely the attorney would at least check with the right attorney within his own firm to make sure the time-sensitive document was properly handled. And here there was no mistake. Mr. Knight was still lead counsel in this case.

The fact is that five attorneys had, at various times, appeared in this litigation on behalf of the Respondents. Three of the attorneys formally entered notices of appearance: first Mr. Yeager on October 7, 2013, then Mr. Knight on December 2, 2013, and finally Ms. Burchette on July 26, 2019. Mr. Taylor never entered a formal Notice of Appearance, but he began appearing as an attorney for Respondents in 2020. Also, attorney Courtney R. Houpt of the Taylor & Knight firm never entered a notice of appearance, but she signed at least one document, and was listed in the signature block, along with Mr. Knight. (e.g. Respondents' Motion to Revise Order filed March 27, 2014.) None of the attorneys moved to withdraw prior to entry of the final Order. Despite this somewhat confusing scenario, Mr. Knight has consistently been listed as sole or lead counsel for Respondents from 2013 through the filing of the final Order in 2021, until Respondents filed their Rule 60.02 motion.

The undersigned FINDS that the initial notice of appearance in this case of Mr. Yeager, his failure to ever withdraw, and the failure of the Clerk to serve a copy of the final and appealable Order upon him is of no moment. The undersigned FINDS the *DeLong* case to stand for the proposition that a claim that only one of multiple attorneys of record received a copy of the final appealable order is not a basis for relief under Rule 60.02. As the *DeLong* court stated, “[w]e find little merit in these arguments.” *id.* at 511. Under Rule 58 and *DeLong* the undersigned HOLDS that even though one of multiple “attorneys of record” was not served and had a different address than the others, the failure to serve that attorney is of no consequence in determining the finality of an order under Rule 58 when, as here, at least one of Respondents’ attorneys of record received the Final Order. Relief has been approved where the Clerk completely failed to serve counsel with a final order, *Jenkins v. McKinney*, 533 S.W.2d 275 (Tenn. 1976), but no attorney representing the movant knew of the final order in that case. Under the facts in this case, the failure to serve attorney Yeager does not support relief under Rule 60.02(1).

While the best practice is surely to provide a separate copy of every order to every attorney who has ever appeared in a case on behalf of a client and not thereafter formally withdrawn, *DeLong* makes clear that this is not a requirement for a final, appealable order; and that, standing alone, failure to provide a copy of the final order to every attorney representing a litigant will not support a Rule 60.02 motion.

The *DeLong* court went on to reverse the trial court for not providing Ms. DeLong relief under Rule 60.02(5) because there was “more” than the “questionable tactics and multiple inadvertences of her lawyers with regard to the state court proceeding.” *id.* at 512. The difference in *DeLong* was that the state court order dismissing her case “was not the result of a hearing on

the merits of her complaint.” *id.* However, the order of dismissal failed to recite that it was not an adjudication on the merits and thus the defendant was using the final order in the state court case as a basis for dismissal of her identical federal court case (which she had been diligently pursuing) on grounds of *res judicata*. *id.* at 508.

DeLong does not discuss the possibility of relief under Rule 60.02(1) for mistake or inadvertence but only analyzes the claim that was made under Rule 60.02(5), the catch all provision. The inadvertences or mistakes of the lawyers in *DeLong* did not play a role in the relief granted under 60.02(5). The trial court was reversed for not providing relief under Rule 60.02(5) “because all the parties and the trial court knew that the [final] Order was not a judgment on the merits.” *id.* at 511. The *DeLong* dismissal for failure to prosecute was not an adjudication on the merits but it failed to specify that fact in the order. Because the state court order was being used to seek dismissal of Ms. DeLong’s identical case in federal court she would have been severely prejudiced by the state court’s improper order, if not amended. Ms. DeLong was actively pursuing the case in federal court. *id.* at 511-512. Without amending the order of dismissal she would not have been able to obtain an adjudication on the merits of her claims. Therefore her case presented “one of the rare, compelling circumstances in which granting relief under Tenn. R. Civ. P. 60.02(5) is necessary to prevent unwarranted hardship on a deserving party.” *id.* at 513.

Indeed, most of the cases in which relief is granted under Rule 60.02 involve situations where a litigant was not afforded an opportunity to obtain an adjudication on the merits or no attorney of record received the final Order. *See, e.g. DeLong, supra; Abbott v. Gateway* 2000 WL 1038113 (Tenn. App. 07/28/2000) (attorney missed local rule deadline resulting in dismissal for failure to prosecute); *cf, Jefferson v. Pneumo Services Corp., supra* at 186 (relief

denied and it was noted that movant had been given a trial on the merits); *First National Bank of Polk County v. Goss*, 912 S.W.2d 147(1995) (relief denied and movant had received a hearing on the merits). The present case does not, by any stretch of the imagination, involve a situation where the Respondents have been denied their right to obtain a ruling on the merits.

3. The Merits of This Case Have Been Fully Litigated

This case involves the termination of a civil service employee, former Detective Smith. He was terminated because DCS made a determination that he was “indicated” as a perpetrator of child abuse during a DCS investigation in Roane County. *Smith, supra* at 4. The DCS child abuse indication was appealed by Detective Smith through the administrative process and was upheld. At that point, Detective Smith’s employment with the Sheriff’s Department was terminated. *id.* Detective Smith appealed his termination to the Civil Service Board, and appealed the DCS abuse finding in the Roane County Chancery Court. *id.* The Roane County Chancery Court reversed DCS’ abuse finding and directed DCS to change the classification from “indicated” to “unfounded.” *id.*

Upon the determination that the child abuse allegation was unfounded Detective Smith requested reinstatement to his employment with the Sheriff’s Department. *id.* This occurred in 2012. *id.* Sheriff White denied the request for reinstatement and the Civil Service Board affirmed the termination⁴ after a hearing on August 6, 2013. *id.* Thereafter, Detective Smith filed the instant case seeking Certiorari and Review of the Civil Service Board’s decision in this Court. *id.* Detective Smith’s petition in this Court was filed September 4, 2013. Shortly after filing this

case, Detective Smith filed a motion for partial summary judgment, which, after hearing, was granted by then Chancellor Lantrip by Order entered February 27, 2014.⁵ *id.*

Respondents filed a “Motion to Revise Order” pursuant to Tenn. R. Civ. P. 54 and 59.⁶ *id.* After a hearing was held on the Respondent’s motion, with Chancellor Cantrell now presiding, an Order was entered on April 21, 2015 vacating the prior order which had granted partial summary judgment.⁷

After additional motions and another hearing Chancellor Cantrell entered an Opinion on August 14, 2015 affirming the Civil Service Board’s decision. *id.* An amended Opinion was filed August 20, 2015 and amended only the concluding section by finding no due process violation, but not going so far as to affirm the Civil Service Board decision.

A Final Order was entered February 29, 2016 after additional briefing and another hearing. *id.* In this Final Order, the “decision of the Civil Service Board [was] affirmed in all respects.” (Final Order filed 2/29/16 at p. 19).⁸

Detective Smith appealed from the Final Order affirming the Civil Service Board’s decision. The Court of Appeals reversed the portion of the Chancellor’s decision which upheld the Sheriff’s denial of Detective Smith’s request for reinstatement after his exoneration from the child abuse indication in 2012. *Smith v. White, supra* at 4.

The Court of Appeals found that the Respondent’s failure to reinstate Smith “in the face of no substantial and material evidence supporting the continued denial of his property right in civil service employment yields an arbitrary and capricious result.”⁹ *id.* at 25. The Court of

Appeals went on to “determine that damages for back pay and benefits should be awarded beginning from the point at which Officer Smith requested reinstatement based on the Roane County Chancery Court’s judgment reversing the DCS indication that had been the just cause for his employment termination.” *id* at 29.

The case was remanded for the trial court to determine the amount of back pay, inclusive of the value of benefits, from September 1, 2012 through the date of reinstatement; and, for the trial court to order Respondents to reinstate Detective Smith to his prior employment with the department. *id* at 29-30. In addition, the Court of Appeals noted that the trial court should consider an award of front pay if it determined that reinstatement of Detective Smith’s employment would not be feasible.

Petitions for rehearing were filed and ruled on by the Court of Appeals.¹⁰ Application for permission to appeal the decision of the Court of Appeals was denied by the Tennessee Supreme Court September 21, 2017.¹¹ The Mandate from the Court of Appeals was filed in this Court on September 22, 2017. It is that Mandate from the Court of Appeals that this Court has been trying to fulfill for the last five years to provide finality in this case.

On January 2, 2019 Detective Smith filed a petition for front pay, and motion for partial summary judgment for back pay. A significant number of entries in this Court’s Rule Docket were made relating to the petition for front pay and motion for partial summary judgment over the next several months. Respondents’ filed a Response in Opposition to Plaintiff’s Petition for Front Pay; a Memorandum in Support of Respondents’ Response; a Response to Plaintiff’s Statement of Material Facts; a Statement of Additional Facts; and, a Supplemental Brief in

Support of Response. A hearing was held March 29, 2019 and Respondents' were ordered to produce an itemization of back pay Petitioner would have received from September 1, 2012 to May 13, 2019. (*see*, procedural history section of September 4, 2019 Order).

On August 22, 2019, after another hearing, the Chancellor issued an Order for Reinstatement and for Functional Capacity Examination Certification Review and Additional Training Review of the Petitioner. On September 4, 2019 the Chancellor issued an Order for Partial Summary Judgment Related to Back Pay.¹²

A Motion to Alter or Amend the Order for Partial Summary Judgment related to Back Pay was filed October 4, 2019 by Respondents'.¹³ Another hearing was held November 1, 2019 after which the trial court granted in part and denied in part the Respondents' motion to alter or amend.

After a number of additional filings and orders from the Court, an Amended Final Order on Back Pay was entered on February 10, 2020.¹⁴ On February 21, 2020 an Agreed Order of Partial Compromise and Dismissal of Petitioner's Back Pay Claims and for Deposit of Partial Settlement Funds was filed.

After additional discovery, procedural actions, and unsuccessful mediation, Petitioner next filed a Motion for Summary Judgment Finding and Concluding that Reinstatement is not Feasible and Entering Final Judgment Awarding Front Pay on August 17, 2020. After briefing, a hearing was held October 28, 2020 and a Final Judgment awarding front pay was entered November 23, 2020.¹⁵

Respondents filed a Motion to Alter or Amend the Judgment on December 22, 2020.¹⁶ Another hearing was held May 14, 2020. Shortly thereafter, the Chancellor's May 28, 2021 Order denied Respondent's December 22, 2020 Motion to Alter or Amend the Judgment finding that the arguments being made in Respondents' Motion had already been considered and rejected.

In the instant case, Detective Smith was wrongfully denied reinstatement to employment by the respondents in 2012. His claims, as well as the claims of the Respondents have been considered and reconsidered for the last 10 years. The merits of the case have been ruled upon, reconsidered, ruled upon again, appealed and finalized. At least eleven substantive hearings have been held.¹⁷ The Respondent's arguments and positions on front pay awarded to Detective Smith have been considered on the merits and reconsidered by the Chancellor.

While the Chancellor's decision awarding front pay imposes a significant financial obligation on the Respondents, the Respondents have lost only the opportunity to have that decision regarding appropriate relief considered on appeal. Respondents have had their position on this issue fully litigated on its merits. The decision awarding front pay and determining the amount of the front pay are only tangential to the underlying dispute, which has been fully litigated and appealed.

4. The Need for Finality

The arguments, positions, and claims of the Respondents' have been considered on the merits at the administrative level by the Civil Service Board, in the trial court by this Chancery Court, and on appeal by the Tennessee Court of Appeals. The Tennessee Supreme Court

declined the opportunity to further consider Respondents' positions. The underlying case has been fully and finally litigated. The final issues resolved in the May 28, 2021 Order related to providing former Detective Smith with appropriate relief based upon his substantiated claim of improper termination/failure to reinstate. "A leading purpose of the Tennessee Rules of Civil Procedure is to ensure the 'just, speedy, and inexpensive determination of every action.' Tenn. R. Civ. P. 1." *Pratcher v. Methodist Healthcare Memphis Hospitals*, 407 S.W. 3d 727, 736-737 (Tenn. 2013) (emphasis added).

As of the date this Opinion is being drafted, over 10 years have passed since the original termination of employment. It is difficult to imagine the stress and emotional toll experienced by Petitioner these last 13 years as he fought to clear his name then try to recover his livelihood and chosen vocation. The Respondents' have opposed him every step of the way, as is their right, but it is time for this case to reach its merciful conclusion – for all involved.

The busy schedules, vacations, and mistakes regarding appealing the last issue relating to the appropriate relief in this case by the attorneys for Respondents', under the facts of this case, is HELD not to present the type of extraordinary circumstances meriting relief under Rule 60.02. Moreover, even if the circumstances in this case could be held to support the exercise of this Court's discretion under Rule 60.02, the undersigned is of the opinion that the facts of this case do not merit application of this Court's discretion to set aside this final order. This conclusion is based upon the consideration of the competing interests of justice and finality that must be considered in ruling on a Rule 60.02 motion. *Hussey v. Woods*, 538 S.W.3d 476, 482-483 (Tenn. 2017).

The Supreme Court has said that a Rule 60.02 motion can provide "an escape valve from possible inequity that might otherwise arise from the unrelenting imposition of the principle

of finality imbedded in our procedural rules.” *Thompson v. Fireman’s Fund Ins. Co.*, 798 S.W.2d 235, 238 (Tenn. 1990). This escape valve “should not be easily opened.” *Toney v. Mueller Co.*, 810 S.W.2d 145, 146 (Tenn. 1991).

It is the opinion of the undersigned that the principle of finality “imbedded in our procedural rules,” *Thompson*, supra, 798 S.W.2d at 238, overshadows any possible inequity respondents might suffer from the inability to pursue their appeal of the front pay award. This conclusion is based upon the following:

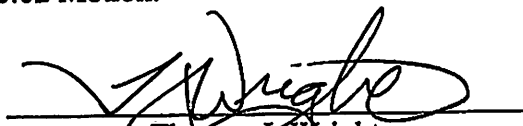

1. The length of time these proceedings have been pending.
2. The extensive consideration that has been given the merits of this case, particularly regarding the underlying basis for an award - failure to reinstate. (Eight merits rulings, five reconsiderations, eleven substantive hearings).
3. Petitioner’s entitlement to appropriate relief based upon Respondents’ failure to reinstate has been final for almost five years.
4. Respondents’ attorneys’ explanation as to why they should be justified in failing to avoid mistake, inadvertence, surprise, or neglect is, at best, weak.

For these reasons, even if the factual scenario here were to be held to present a basis for relief under Rule 60.02, the undersigned declines to exercise the discretion provided by the Rule to set aside the previously entered final Order.

Conclusion

Accordingly, Respondents’ Rule 60.02 Motion is hereby DENIED. The Motion to Compel the Deposition of Mr. Yeager and the Motion for Protective Order and to Quash filed by Respondents relating to the deposition of attorney Yeager are all hereby DENIED as MOOT based upon this Court’s denial of the Rule 60.02 Motion.

(6) "Local action" means an ordinance, resolution, regulation, code, requirement, policy, or other action or omission taken, enacted, adopted, or otherwise imposed by a political subdivision of this state;

(7) "Political subdivision" means a municipality, public corporation, body politic, authority, district, metropolitan government, county, agency, department, or board of those entities, or another form of local government;

(8) "Retailer" means a party who markets or sells energy or industrial materials to a customer; and

(9) "Wholesaler" means a party engaging in the bulk purchase and sale of energy products or industrial materials in the wholesale market for the purposes of reselling energy or industrial materials to a retailer.

7-51-2202. Prohibited policies.

(a) A political subdivision of this state shall not, arising from or as a result of a local action, restrict, prohibit, or otherwise impair the development and implementation of the types or sources of energy that may be used, delivered, converted, or supplied by the following entities:

(1) An electric utility, an electric cooperative, or an electric system that is owned or operated by a political subdivision;

(2) An entity that generates, sells, or transmits electrical energy in accordance with all applicable requirements of state and federal law;

(b) A local action of a political subdivision is preempted and void if the local action, directly or indirectly, is or acts as:

(1) A de facto prohibition of the siting, or a restriction, prohibition, or impairment of construction, expansion, or maintenance, of energy, industrial, or related transportation infrastructure within the jurisdictional boundary of a political subdivision. When determining whether a local action results in a de facto prohibition, factors to consider include, but are not limited to, the following:

(A) A fee imposed;

(B) An unreasonable timeframe for a ministerial action; and

(C) The local action's effect on the feasibility of the project;

(2) Regulation or enforcement of safety standards for interstate or intrastate pipeline facilities or interstate or intrastate pipeline transportation as those terms are defined in 49 U.S.C. § 60101;

(3) A moratorium, or a categorical prohibition, of the siting, construction, expansion, or maintenance of energy, industrial, or related transportation infrastructure within the jurisdictional boundary of a political subdivision for a period of time; or

(4) A prohibition or restriction on the ability of a distributor, retailer, wholesaler, or other energy or industrial infrastructure entity to exercise its rights provided by state or federal law related to the siting of energy infrastructure or related industrial infrastructure.

(c) This section does not prevent or preempt:

(1) A political subdivision that owns or operates an electric or natural gas system from promulgating necessary rules or policies related to the electric or natural gas system;

(2) A local action that is state-authorized, ministerial in nature pertaining to land use, generally applicable to all types of commercial activities, and necessary to provide a public benefit, as long as the local action facilitates to the greatest extent possible the siting, construction, expansion, or maintenance of energy, industrial, or related transportation infrastructure and the exercise of rights provided by the state and federal law by public utilities and common carriers, including, but not limited to, those rights related to the siting of energy, petroleum, or related industrial infrastructure;

(3) A local action that affects facilities for the transmission, distribution, collection, conversion, and use of solar energy;

(4) A local action to require a franchise from a political subdivision prior to providing electric or natural gas services within the jurisdictional boundaries of the political subdivision;

(d) This section does not expand or alter the jurisdiction of a governmental entity charged with oversight of public utilities or electric utilities.

(e) This section does not expand or alter the regulation of wind energy facility siting provided in title 65, chapter 17.

(f) This section does not alter:

(1) Exclusive rights to provide electric or natural gas services under state law; or

(2) Exclusive service areas for the provision of electric or natural gas services under state law.

(g) This section does not allow an entity listed in subdivisions (a)(1)–(6) to provide electric or natural gas services within the exclusive service area of another provider of electric or natural gas services.

(h) A local action that violates subsection (a) or (b) that existed on or before the effective date of this act is preempted by this part and void.

7-51-2203. Conflict with federal law.

If this part conflicts with federal law requirements pertaining to the types of energy sources or industrial materials used, delivered, converted, or supplied by the

entities described in § 7-51-2202(a)(1)-(6) to serve customers, then the federal law controls to the extent that this part conflicts with such federal law.

SECTION 2. If a provision of this act or the application of a provision of this act to any entity or circumstance is held invalid, the invalidity does not affect other provisions or applications of the act that can be given effect without the invalid provision or application, and to that end, the provisions of this act are declared to be severable.

SECTION 3. The headings in this act are for reference purposes only and do not constitute a part of the law enacted by this act. However, the Tennessee Code Commission is requested to include the headings in any compilation or publication containing this act.
