Board of Commissioners

RESOLUTION NO. 22-10-961

A RESOLUTION TO APPLY FOR FEDERAL ASSISTANCE FROM THE US DEPARTMENT OF AGRICULTURE RURAL DEVELOPMENT FOR THE PURPOSE OF BUILDING A NEW ANDERSON COUNTY ANIMAL SHELTER

WHEREAS, Anderson County Government, on behalf of the Anderson County Animal Shelter, intends to apply for and accept a Community Facility Loan and/or Grant to be administered by the United States Department of Agriculture Rural Development (USDA RD) herein called the Government in an amount not to exceed $4.5 million under the terms offered by the Government. The purpose of said funds is to assist in the construction of a larger animal shelter.

FURTHERMORE, the Anderson County Mayor is hereby authorized and empowered to take all action necessary or appropriate in the execution of all written instruments as may be required in regard to or as evidence of such financial assistance; and to operate the facility under the terms offered by the Government.

IN WITNESS WHEREOF, the Anderson County Board of Commissioners has duly adopted this resolution and caused to be executed by the legislative body meeting in regular session on this, the 17th day of October, 2022.

APPROVED:

_____   _____
Josh Anderson, Commission Chairman   Terry Frank, Anderson County Mayor

ATTEST: _____

Jeff Cole, Anderson County Clerk

OFFICIAL LOGO

CONTENTS

OVERVIEW

The purpose of this guide is to acknowledge the importance of consistent usage of the components including color, type, shape and usage to build a brand & to allow your audience to learn it and commit to memory. Any change these elements go against this idea.
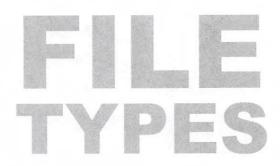

BRAND LOGO

There is a vertical and horizontal version of the logo mark. Some applications lend themselves to one or the other.

Vertical

Horizontal

TENNESSEE

FILE TYPES

Different applications take different file types. Included in your new dropbox is a file for each application, digital or print.

AI
ADOBE ILLUSTRATOR

AI is a proprietary vector-based file format by Adobe Systems. It is the standard source file for your logo. Some print shops will request this file when prepping a project for print.

EPS
ENCAPSULATED POST SCRIPT

Like a PDF, an EPS can be edited with any vector graphics program. Although it's becoming outdated, some print shops with older software will still request these files so they're good to have on hand.

PDF
PORTABLE DOCUMENT FORMAT

Another editable vector-based file format. Its universal file format makes it extremely versatile. It's typically used for printing and easily sharing documents online.

SVG
SCALABLE VECTOR GRAPHIC

SVGs are great for websites or apps to keep logos and icons sharp and are infinitely scalable without pixelation.

JPEG
JOINT PHOTOGRAPHIC EXPERTS GROUP

A popular image format that is commonly used for photographs and web graphics. Its lossy compression allows for smaller file sizes than PNG, but does not support transparent backgrounds.
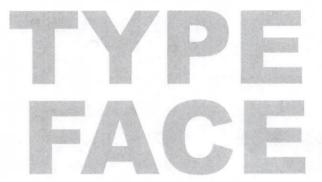

PNG
PORTABLE GRAPHICS NETWORK

Another image file format that is great for web graphics and digital displays. Supporting transparent backgrounds is a key advantage over JPEG, but file sizes are typically larger.

COLOR MATCH

RGB
DIGITAL (RED, GREEN, BLUE)

The colour space for digital displays. These files are used for the digital purposes such as web graphics or photographs. Printing RGB files can result in blurry images with inaccurate colours. Use CMYK or Pantone files for printing purposes

CMYK
PRINT (CYAN, MAGENTA, YELLOW, BLACK)

CMYK stands for Cyan, Magenta, Yellow, and Black. These are the four basic colours used for printing. CMYK files are for any project that will be physically printed such as business cards or brochures. They are not for screen use.

PANTONE/SPOT
OFFSET PRINT

Pantone is a standardize system for colour. Unlike CMYK, A Pantone or spot colour is a single colour created from a precise mixture of inks. Their colour accuracy is superior to CMYK, but can become costly using more than three colours.
