**Subject:** Dutch Valley Playground

Good morning Gentlemen,

I hope this email finds you well and that you are enjoying these nice cool mornings. I wanted to reach out to both of you in hopes that you will be able to support our school as we begin to raise funds to update our school playground. As you know, the playground is a community hub and is used by many in our area for both exercise and play. Although our playground is nice and offers lots of space, the equipment is getting outdated and is beginning to show its age. Therefore, we are slowly beginning the process to raise funds so that in the future, we will be able to update the playground with some much newer and nicer equipment for everyone to use.

Our goal is to raise \$50,000 and we know this will take lots of time, effort and community support. Unfortunately, playground equipment is not cheap. I am reaching out to local businesses, community supporters and others to begin the the fundraising efforts. I am also reaching out to the two of you for your support as well. I believe in years past you have been able to donate money to our school through your County Commission Waste Management account. I am not certain

of the procedure to ask for these funds, or if they are still available, but it never hurts to ask!

If you are willing to support our efforts, we would love to have your donation! Also, please know we will be sharing with our community and general public (through social media outlets) any individuals and businesses that support this campaign to update our playground.

Thank you so much for considering this project and for helping our awesome little school.

Have a great day, week and month!

Stephanie Sherwood, Principal

PS - If you are aware of any businesses or individuals that we should reach out to for support, I would appreciate any leads you can provide.
