MEMO

RE: ANDERSON COUNTY EMA Emergency Operations Center

Dear Chairman Vowell and Honorable Members of the Budget Committee:

This request is to approve the funding gap on the Anderson County EOC project in order to award the low bidder.

Bids were received on June 11, 2026. Seven bids were received, a robust amount of bids from excellent companies. The low bidder was Evans-Ailey Construction in the amount of $4,870,000. The next lowest bidder was King Construction at $4,954,000, and bids go up from there.

As I noted in the EMS MEMO, I am member of the Tennessee Advisory Commission on Intergovernmental Relations (TACIR), I can share with the committee that TACIR has been working to deliver reports for the legislature on cost escalations. We recently completed a study on vehicles—such as ambulances, garbage trucks, firetrucks, etc. We are currently working on one for road costs. Rep. Ryan Williams shared at our recent meeting that Tennessee General Services is adding 40% to their building construction costs from original estimates.

Looking at the EMA EOC bid, the overage is well under the 40%, at approximately 33%.

Looking at the positive side, Anderson County will construct a new EOC with funding of nearly $3 million from a federal award, ($2,942,940) with a total match from the county (if this funding request is approved) of $2,240,810.

A couple of additional notes: If the additional funding is approved, it will give us the ability to issue notice of award. In doing so, we would like to work with contractor to make some engineering changes to reduce cost to eliminate need for use of the unassigned fund balance funds.
Also, we do have capital funds that will come back to the county for the sale of industrial property in the David Jones Industrial Park. We took a large amount from the

capital fund in order to match large contributions from the State of Tennessee and TVA in order to get the property site ready.

Please feel free to reach out to me or Director Joe Mead if you have any questions at all!

Sincerely,

Terry Frank

MEMO

RE: ANDERSON COUNTY EMS ACADEMY

Dear Chairman Vowell and Honorable Members of the Budget Committee:

The attached request is to fund the award for the construction of the EMS Academy.

Some notes about the bid:

The mandatory pre-bid meeting at 14 separate contractors in attendance. Of those in attendance, six (6) bids were received and publicly opened. The low bidder was George W. Reagan Company, a general contractor in Knoxville, TN for the amount of $2,398,645. The bid is recommended by the architect, and if funding is approved to award the contract, then the next step will be to submit to AMS, who works on behalf of TN ECD, for their approval. As a note, George W. Reagan Company is well-established contractor.

(FYI, the next lowest was $2,620,450, and then bids went up from there.)

This escalation is proving to be standard as the project was first applied for in 2023. The contract for the grant went into place in 2024 and we're now ready for construction in 2026.

As a member of the Tennessee Advisory Commission on Intergovernmental Relations (TACIR), I can share with the committee that TACIR has been working to deliver reports for the legislature on cost escalations. We recently completed a study on vehicles—such as ambulances, garbage trucks, firetrucks, etc. We are currently working on one for road costs. Rep. Ryan Williams shared at our recent meeting that Tennessee General Services is adding 40% to their building construction costs from original estimates. If you look at our EMS Academy bid, the increase came under that number. (He noted a trend of over 100% increase in anything road related.)

By the time these grant related projects come to construction, we are faced with the escalation.

On the positive side, we are still getting a quality asset with nearly $1 million funded by ARC.

As offset of this request, we do have an ambulance being funded by the State of Tennessee (contract on the agenda) so we will not make an ambulance request from county commission this year. Director Sweet has indicated that several of the items on his capital outlay worksheet he will delay, or seek additional grant funding to try to compensate for the overage on this project.

If you have any questions at all, please reach out to me or Director Sweet.

Sincerely,

Terry Frank

Objectives for Today's Meeting
July 9, 2026

I. Mayor's Budget Proposal
II. Revenue solution for ACTV
III. Reject or Approve all Budgets
IV. Decisions on Budget Hearings for those Department that did not meet budget guidelines
V. Discussion about County raises and possible funding solutions
VI. Discuss Public Notice and Public Hearing

FY27 Budget Assumptions

- CTAS raises for elected officials are 2.63% and 2.7% COLA for Judge
- 3% Increase for all General Fund employees
- Cut Soil Conservation Department
- The General Fund budget is currently out of balance by $3.5 million, with several departments requesting salary increases. The Sheriff's Department alone has requested an additional $2,043,381, which includes proposed 15% salary increases. This does not include employee raises for the Departments that met budget guidelines.
- The School System has revised its initial FY 2026–27 proposed budget, which included a $355,555 deficit and 2% salary increases, to reflect an $860,307 deficit. The increase in the projected deficit is primarily due to a reduction in the estimated TISA funding allocation.
- Retirement matching for General Fund and Schools increased 1% from last fiscal year
- No increase to employee healthcare insurance despite our consultant recommending an increase

BUDGET MEMO

Dear Chairman Vowell and Honorable Members of Budget Committee,

I realize the county is under the 1981 Financial Management Act and the mayor no longer proposes an annual budget; however, I remain a very active participant because of the roles and duties of mayor and with the various current factors, I wish to propose a budget for your consideration for 2026/2027.

The biggest challenges for this year are the expressed concerns regarding public safety and the ability to maintain personnel for needed citizen response.

The financial picture is currently a "healthy posture," however, this can change *rapidly* if improper budgeting occurs. Anderson County has a healthy unassigned fund balance (UFB), but please keep in mind that this UFB grew in-part based on the successful financial strategy employed at the onset of American Rescue Plan funding. That strategy was to focus the majority of appropriations based on normal annual capital needs instead of new programs, or new projects. From pavement, to vehicles, to facility maintenance costs—this strategy allowed the county to build an unassigned fund balance in alignment with best fiscal practices in the event of a downturn, but also in a position to earn interest that is being budgeted to grow the revenue of Anderson County government.

The largest department request during this year's budget has dominated budget discussions, and with the largest share of county employees in one department, it is understandable. However, the request under consideration is simply not financially feasible nor responsible given current revenues unless there is 1. An increase in revenue in the form of taxes or fees and/or 2. Major cuts to other departments.

Anderson County has approved annual budgets for many years that are "deficit budgets." Meaning? The budgets are not balanced, but instead rely upon the unassigned fund balance. This strategy is common and is workable if the deficit is based on responsible assurance that the unspent funds each budget year are far greater than the deficit.

At this time, the amount of unspent funds is decreasing; yet, the deficits being considered are growing. This is a departure from best practices. Please remember in 2011, Anderson County was borrowing money to begin each fiscal year in order to make the first payrolls of the budget year. Without sufficient reserves, the cash flow problem ends up benefitting the lender community, costing taxpayers, and reduces the spending power of Anderson County government. 2011 was only 15 years ago.

Based on the challenges, the wants, and the needs, I propose the attached budget as a compromise based on the discussions and various opinions from budget committee, as well as full commission.

ONE TIME PAYMENT

1. First, to address employee morale: The out of budget cycle payments given to all Sheriff's Department employees has caused grave, unintended morale problems county-wide. Out of the unassigned fund balance, I propose a one-time retention payment to all full-time General Fund employees who have been with the county one year or longer, and who will continue in the employment of Anderson County government. The purpose is the retain the employee. I propose a $2,000 payment. For all permanent part-time employees, I propose a $750 payment. All employees contribute to our success and critically, they should be recognized and retained. Other funds can utilize their own fund balances to also accomplish one-time payments. I understand that every reduction in unassigned fund balance begins to limit investment interest returns, in effect, reducing the amount of interest we can use for expenditures. However, in this particular instance, I feel it is paramount we acknowledge all of our employees.

BUDGET 2026/2027

1. Affirm the 3% raise already passed by the budget committee.

2. As public safety and response is the core critical need this budget cycle, I recommend the following in order to achieve needed funding for additional compensation for public safety personnel:

- Reject the School Budget to note a reduction in revenue in the annual DOE PILT payment and a request for a contribution increase for ACTV
- Increase EMS rates to match Medicare increase
- Allocate $10,000 to the city fire departments for mutual aid response
- Allocation of opioid damages fund for EMS

- Increase funding to public safety personnel by an additional 3% percent
- Establish Working Group of Sheriff, Mayor, Finance Director, Law Director, and Commission Chairman to look at reform or full repeal of Civil Service. (Note: Anderson County has been limited in ability to target raises to specific

personnel and a fresh look at Civil Service is needed. Options and/or proposals would go to Budget Committee and Operations Committee for consideration)

- Inflationary increase to Volunteer Fire Departments and Rescue Squad of $1,500 each
- Addition of 12-Hour ambulance to improve overall coverage and response times across all of Anderson County and recognition banquets to boost morale

*(*Public Safety definition: Anderson County Sheriff's Office, EMS personnel, EMA, and Animal Control Field Officers)*

Other proposed changes:

1. Reduce Library Part-Time Code $45,000 and place in a new Supervisor Code. The current structure of the library has all Directors reporting to the full board. The board needs a central supervisor who oversees the Directors and then the supervisor would be responsible for reporting the Library Board. (Initial request is based on a 20-29 hour supervisor in order to minimize negative part-time fund impacts by minimizing benefits that would be required for 30+ employee, etc.)

2. Limit match for raise for Office of Agriculture extension office to equivalent of county employee raises. (**doesn't limit raises, only limits county match to equivalent of county employees.)

Some of these proposed changes can be adjusted next year. For example, DOE PILT can be returned to the School system next year. However, some changes such as employee increases must be funded each year. These are major changes with ongoing budgetary impacts. Anderson County wants to be careful not to leave the proverbial "ticking time bomb" that could have negative impacts on next year's budget and our citizens.

It is clearly understood that there are many requests and this proposal offers compromise among many competing needs, including the need to stay within our means. It still has a deficit, but that is part of the compromise.

Sincerely,

Terry Frank

Anderson County EMS FYE 27 Budget Requests

FYE 26 Original Budget: $7,896,543

Option #1 Budget: $9,214,716 (increase $1,318,173 over FYE 26 Budget)
- Staffing for additional 12-hour Oak Ridge AEMT ambulance. Projected net cost: $165,000
- Add a new SUV to replace our current supervisor SUV. $18,080.50 is due in the first year and then $12,500 per year for the remainder of the agreement (5-year agreement)
- Full funding of pay increases: $730,000
  - Admin pay will follow the same increase for other County employees
- Mandatory, Holiday, Weather, Longevity, Degree pay, and recognition banquets. Projected cost: $156,000
- Increase transport rates to match 3% Medicare increase, this would generate an additional $100,000 of revenue a year

Option #2 Budget: $8,490,972 (increase $594,429 over FYE 26 Budget)
- Add a new SUV to replace our current supervisor SUV. $18,080.50 is due in the first year and then $12,500 per year for the remainder of the agreement (5-year agreement)
- Spread 15% AEMT and Paramedic pay increase over two years. FYE 27 7.5% pay increase for AEMT and Paramedic cost: $352,000
  - EMT and admin pay will follow the same increase as other County employees
- Mandatory, Holiday, Weather pay, and recognition banquets Projected cost: $77,000
- Increase transport rates to match 3% Medicare increase, this would generate an additional $100,000 of revenue a year

Option #3 Budget: $7,999,879 (increase $103,336 over FYE 26 Budget)
- No operational changes and no pay increases
- Increase transport rates to match 3% Medicare increase, this is projected to generate an additional $100,000 of revenue a year
- This option is detrimental to emergency responses, staffing, recruitment, and retention

Additional 12-Hour AEMT Ambulance in Oak Ridge

Code White events increased in FYE 26 by over 90 events from the previous year. Call volume increased by about 1,000 in 2025 over 2024. The population increase in Oak Ridge City and throughout the County, is a cause for concern regarding response capabilities and readiness. A 12-hour daytime ambulance in Oak Ridge would:

- Help with lower-acuity calls and help with hospital transfers/discharges, keeping paramedic-staffed units available in their area for critical emergencies
- Reduce Code White events
- Improves overall coverage and response times across all of Anderson County
- Further reduce the use of 911 ambulances for non-emergency scheduled transports
- Projected to increase revenues by $125,000 due to adding 400 more convalescent calls
- Projected net cost is $165,000 for payroll and benefits
  - Staffing cost $290,000 – Increased revenues $125,000 = Net cost $165,000

Shift Supervisor SUV

Our Shift Supervisors share an SUV. This unit was purchased in 2021 and has almost 100,000 miles on it and was involved in an accident that almost totaled the vehicle (it has been repaired). We would like to add a new SUV to our Enterprise plan, with $18,080.50 being due in the first year and then $12,500 per year for the remainder of the agreement (5-year agreement). The current Supervisor SUV will become a backup SUV, which we currently do not have, but is needed.

Claxton Ambulance Operational Change FYE 28

We are planning to request asking for four more personnel in the FYE 28 budget. This is to move the Claxton ambulance from its current 12-hour operation to a 24-hour operation. A station is necessary to accommodate this change.

"Outside the Box" Ideas:

- Biannual recognition banquet: Event to recognize advancements such as promotions, CPR saves, baby deliveries, significant events, annual awards. Held during EMS Week (May) and week of September 11th. Projected cost: $3,000 each, total of $6,000

- Employee of the Year reward: EMT of the Year, Paramedic of the Year, Officer of the Year, and Director's Award* recipients receive a $250 award for their achievements and recognition (*Only offered if the recipient is an Anderson County EMS employee). Cost: $1,140

- Holiday Pay: EMS policy is to pay all hourly EMS personnel an additional 8 hours of straight pay for every County holiday, regardless of working the holiday. This practice has been in place for over 25 years. County policy is to pay anyone who works a holiday 1.5 hour additional pay for hours worked. We are requesting to add a supplement of $75 per 12 hours worked for each non-exempt employee for holidays (actual holiday day). Projected cost: $36,000

- Weather "Hazard" Pay: Presently when the courthouse is shut down due to weather conditions all EMS personnel who work that day currently get an additional 8 hours of regular pay (or equivalent hours the courthouse was closed). County policy is to give the employee comp time for the hours worked. We are requesting to maintain the current practice and add an additional $75 per 12 hours worked for each non-exempt employee. This pay would apply to times that the courthouse would have been shut down, but they were already closed (weekends). Our personnel are working on these days and facing increased threats and dangerous operating conditions. Any employee who is off on these days does not get paid for any extra time. Admin reporting into work and are not exempt would receive the same pay benefit. Projected cost: $17,000

- Mandatory Overtime Pay: For any employee who is required to work mandatory overtime they are currently paid $75 in addition to their hourly pay. Mandatory assignment is for a max of 12 hours. In 2025 we used mandatory overtime 133 times, in 2024 it was used 152 times, and 131 times in 2023. The practice of mandatory overtime is poorly received, and harmful to morale, this would provide good financial offset and help decrease the negative morale impact. We are requesting to increase this from $75 to $150. Projected cost: $10,500

- Longevity Pay: Mirroring the plan ACSO already has. Provide $100 a year for every year full-time with Anderson County. This will have greater impact in later years of employment. This includes admin personnel. Projected cost: $51,200

- Degree Pay: Mirroring the plan ACSO already has. Provide an annual bonus for degree level employee has completed. $600 for an Associates, $1,200 for a Bachelors, $1,800 for a Masters. This includes admin personnel. Projected cost: $34,110

- Employee Health Benefits Cost Reduction: After a set of time as a full-time employee the employee's cost for health benefits would start to decrease, to where they would eventually not pay anything for their health benefits. No impact to deductibles or copay, all that is still the employee's responsibility. This includes admin personnel. Further discussion is necessary.

- Earned Retirement Rewards: Every 5 years working full-time at Anderson County EMS the employee would earn 1 year toward retirement. County would pay the cost for that one year. Max of 5 years earned. Years worked should be consecutive and only apply if they remain with Anderson County EMS full-time. This includes admin personnel. Further discussion is necessary.
